EB2 – Fuel-System – System Overview

Fuel Pump

Fuel Filter

Fuel Rail

Fuel-Tank

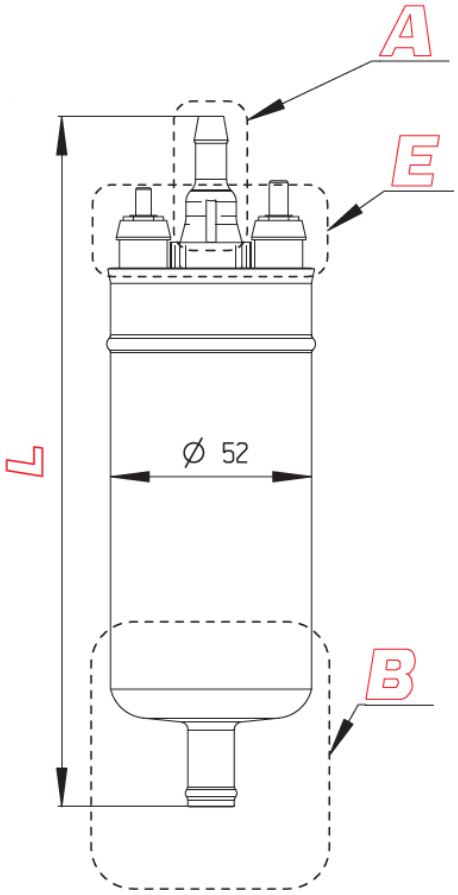

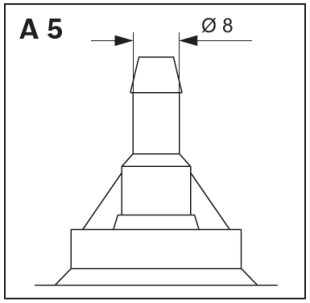

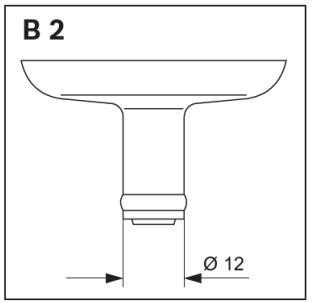

tank: backflow fuel tank
pump: fuel pump

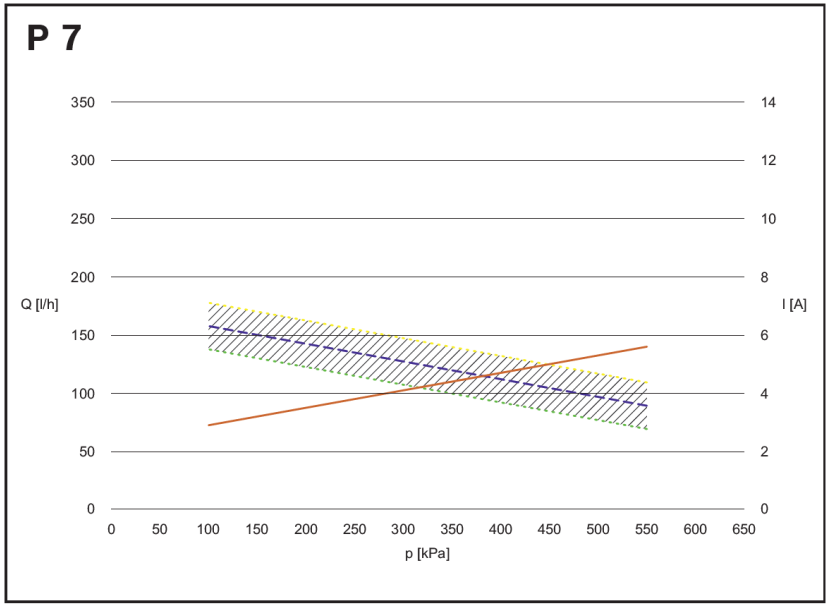

can: unconnected,
mot: engine fuel rail

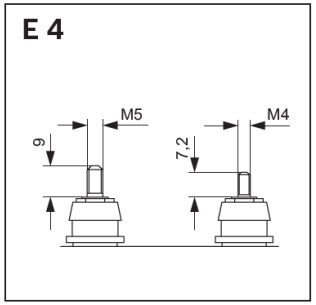

EB2 – Fuel-System – Fuel Pump

Battery – connects to the M5 terminal

Battery + connects to the M4 terminal

EB2 – Fuel-System – Fuel Filter

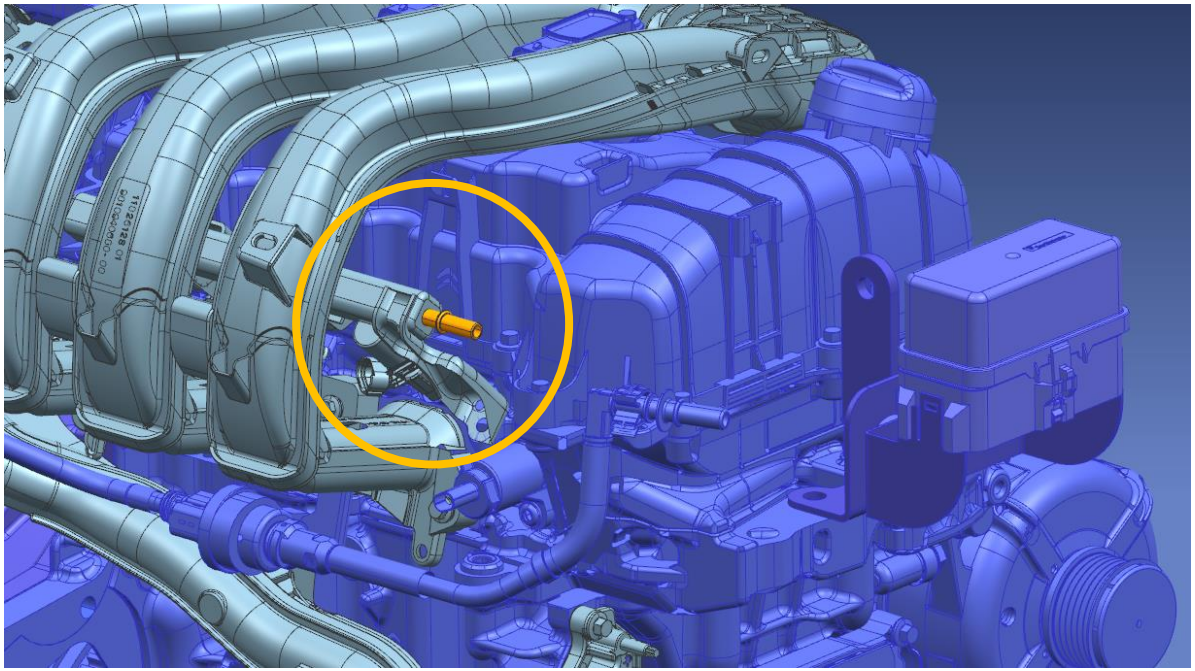

tank: conntects to the backflow line to fuel tank
pump: connects to the pressure line from fuel pump

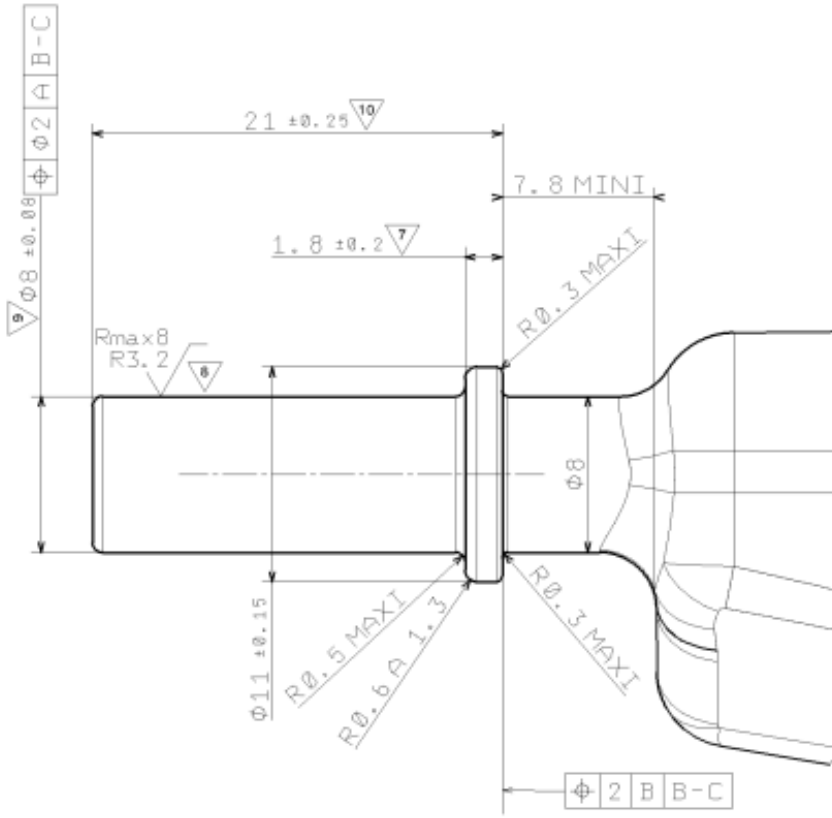

can: unconnected, reference for atmosphere pressure
mot: connects to engine fuel rail

EB2 – Fuel-System – Fuel Rail

Option 1:
-Connect with fitting, following the shown dimensions

Option 2:
-use normal fuel line and a hose clamp (8mm)
